## Content Guidelines

While we are Christians who publish, Meraki is not a Christian company. We accept manuscripts that are not Christian by default but require the content to pass the standards below.

### Offensive Content

We don't publish or sell certain content including content that we determine is hate speech, promotes the abuse or sexual exploitation of children, contains pornography, glorifies rape or pedophilia, advocates terrorism, or other material we deem inappropriate or offensive.

We don't publish or sell content that promotes gratuitous violence, unnecessary vulgarity, or sexual depravity.

We don't publish or sell content that mocks or defies the Bible, the God of the Bible or Biblical standard for living.

Out of respect for the personal preferences and beliefs of our press founders, we opt to exclude specific elements from our stories that we believe should be avoided or do not align with biblical principles.

While we may portray sins and challenging situations realistically in our characters' lives, we strive to maintain a delicate balance between truthful depiction and avoiding prolonged immersion in darkness.

### Illegal Content

We treat breaches of laws and intellectual property rights with utmost seriousness. Authors, publishers, and selling partners bear the responsibility of ensuring that their content does not infringe upon laws or rights such as copyright, trademark, brand, privacy, publicity, and others.

### AI Generated Content

You must disclose AI-generated content (text, images, translations) but not AI-assisted content. AI-generated content is created entirely by AI tools, while AI-assisted content is created by you with AI tools for editing or refinement. It is your responsibility to ensure compliance with content guidelines and intellectual property rights for all AI-generated and AI-assisted content.
